

Editing or Undoing an Assessment in Triage

To edit or undo an assessment done in Triage, select the assessment (1) and click the detail (2) button.

The screenshot shows the EDM Tracker interface for patient Edm, Three. The patient data includes: Last Name: EDM, First Name: THREE, Birthdate: 14/02/1940, Age: 81, Birth Sex: M, Language: English. The triage assessment list shows: ED Triage Assessment RV (16/06/2021 09:06), ED eCIAS Triage Assessment, ED Triage Reassessment, and ED Downtime Triage Assessment. The 'Detail' button is highlighted with a red box labeled '2'.

Select history (3).

The screenshot shows the 'Item Detail' view for the 'ED Triage Assessment RV' assessment. The 'History' tab is highlighted with a red box labeled '3'. The assessment details include: Type: Int, Description: ED Triage Assessment RV, Status: Active, Start Date/Time: 09/06/2021 12:59, and Source: ED.

Select either Undo or Edit (4).

The screenshot shows the EDM Tracker interface. At the top, the title bar reads 'EDM Tracker - RV ED ALL Tracker - Selection: ED ALL (ROV TEST - TEST)'. Below this, there is a header section with fields for 'Code Status Not Ordered No Hx Avail', 'VE0000392/21', and 'V000000019'. The main content area is titled 'Item Detail' and contains a table for 'Intervention: ED Triage Assessment RV'. The table has columns for Activity Type, Activity Date, Source, Activity User, Care Provider Type, and Detail. Below the table, there are fields for Recorded Date, Recorded User, Recorded Provider Type, Recorded Client, Signed By, and Co-Signed By. At the bottom of the screen, a red box with the number '4' highlights the 'Undo and Save' button. Other buttons like 'Edit' and 'Back' are also visible.

Activity Type	Activity Date	Source	Activity User	Care Provider Type	Detail
