

CARE4 Module: EDM

ED CDU Hold

Overview - Clinical Decision Unit Holds display on the ED tracker in the following manner

Physician inputs order for patient to be observed as a CDU (Clinical Decision Unit) patient

Note - This is only applicable for those sites that have CDU designations

Nursing and Clerical Trackers show CDU in the Admit column of their trackers

ED ALL, My List, Zone/Colour Trackers

CTAS	Rm Status	Room Age/Sex RV	Patient Name Chief Complaint Special Indicators	C	F	R	Physician MRP Nurse	CT	US	P	S	ECG	TAR	PRES	ADMIT	BPMH	@	LC
2	In Use	40 GREEN 75 F 1	Care4-Rvh, Melanie4 Chest Pain-Cardiac Features Falls Risk				Physician								CDU			121h 47m With MD 3m

The time the order was placed is stamped as the start time when you review/acknowledge order
There is not a Status of CDU as there was in the Client Server version

When the nurse acknowledges the order, the time shows on the order as well as any further investigations that may be part of the CDU hold (i.e., Troponin in 6 hours below) with the UNC and LAB in their respective columns

The uncollected specimen is added to the worklist with a Status/Due for the future time it is to be sent
