

Historical Patient Records – Web Acute / EDM navigation

Historical patient records are kept in a view only section of the Meditech Expanse Physician Care Manager. These records prior to GO LIVE are found by clicking on the Link in the Reference panel called **Historical Visits**

The screenshot displays the Meditech Expanse Physician Care Manager interface for a patient named Multi Hcis, Hana (31, F, 11/07/1985). The interface includes a top navigation bar with icons for Return To, Home, Chart, Document, Orders, Discharge, Break, Sign, Workload, Menu, and Suspend. Below this is a tabbed interface with categories like Diagnostics, Provider Notes, Nurse/Allied Health, Medications, History & Problems, Administrative, Other Clinical, and Tools. The 'Summary' tab is active, showing a 'Summary' widget with data for 08/23/2016 (ADM IN). The 'Reference' panel on the right contains a search bar and a list of links, with 'Historical Visits' highlighted in a red box and pointed to by a red arrow. Other links in the panel include 'Allergies' and 'Problems'.

Patient data prior to Sept 17 will be found in the Physician Care Manager tab; this data will show previous visits, lab results, reports, provider notes.

Note: This link is only available in the CARE4 Expanse LIVE environment **after** GO LIVE.

Historical Patient Records – Patient Care System Navigation

Historical patient records are kept in a view only section of the Meditech Expanse Physician Care Manager. These records prior to GO LIVE are found by clicking on the Link in the Footer Panel at the bottom of the pager called **Historical Visits**

The screenshot displays the Meditech Expanse Physician Care Manager interface. At the top, it shows 'ADM IN M/S 300-10' and 'Allergy/Adv: Penicillins, [Black Tea]'. Below this, there are filters for 'Time Period' (7 days, 30 days, 90 days, 12 months, 24 months, All, Selected Visits, Time Frame) and 'Visit Type' (Inpatient, Outpatient, All). A table of patient records is visible, with columns for Reg Date, Type, Loc, Dis Date, Account Num, Provider, and Reason for Visit. The first row shows a record for 08/23/2016, ADM IN, M/S, MT0000126698, Shearer, Tim. At the bottom, there is a navigation bar with tabs for Archive, Visits, Diagnoses, Historical Visits, and S. Res. A red arrow points to the 'Historical Visits' tab. On the right side, there is a vertical menu with various options like Patient Lists, Next Patient, Find Patient, Select Visits, Refresh EMR, Summary, Review Visit, Pat Msg/Task, Hx & Problems, New Results, Clinical Panels, Vital Signs, I & O, Medications, Laboratory, Microbiology, Blood Bank, Reports, Patient Care, View Notes, Orders, Amb Orders, MAR, Critical Care, Discharge Plan, Discharge Plan - Old, Document, Sign, Clinical Data, and Preferences.

Patient data prior to Sept 17 will be found in the Physician Care Manager tab; this data will show previous visits, lab results, reports, provider notes.

Note: This link is only available in the CARE4 Expanse LIVE environment **after** GO LIVE.
