  - Waiting – all patients who have not been put into a Room
  - Discharged – Patients who have been discharged – they will fall under the date of the initial registration i.e., Registered in ED on September 11, 2021 at 2210 and discharged on September 12 at 0610 would be found by scrolling back through the previous date or clicking on the calendar to select the date of their registration

At RVH the Zone/Colour Trackers show the patients who are in the Rooms associated with that zone but also show the patients that are waiting to be brought into that area. The Triage nurse makes this determination at the time of Triage by giving the patient an ED Location at Triage
