CARE4 MODULE NAME: PCS, AMBULATORY, WEB ACUTE Topics: Communication on Status Boards and Trackers

Overview:

To enhance communication between care providers and between care providers and physicians new tools are being introduced for use

In WebAmbulatory- the WebEhr Bulletin Board

In PCS

The comment box typically seen at the far right of the status board is being moved to the center under a heading of Comment

Physicians and Care Providers can enter non-urgent communications – much like a sticky note Information entered here is not part of the patient's chart and should not include any patient orders
