

## CARE4 MODULE NAME: PCS

### Topic:

**New CHANGE to Standard of Care (SOC.CCC) for Complex Care Patients at GBGH and HHCC**

**New CHANGE to Standard of Care (SOC.PALL) for Palliative Patients – All Sites**

**February 8, 2022**

### Overview:

Documentation needs for the care of Complex Care and Palliative patients are different from those patients in the acute care setting.

Revisions to the **Standard of Care Complex Continuing Care (SOC CCC)**

**Adult Physical assessment frequency will change to Daily at 0900**

Revisions to **the Standard of Care Palliative (SOC Pall)**

**Adult physical assessment frequency will change to PRN**

For **current** CCC patients at GBGH and HHCC – the frequency of physical assessments will be updated by the Advanced Clinical team on the morning of Feb 8th

For new CCC patients at GBGH and HHCC these changes will automatically appear for new patients

For Palliative Care patients these changes will automatically appear for newly admitted patients
