CARE4 Tip Sheet Viewing Read-only eMAR

Overview

This document provides instructions on how to access a view-only eMAR within Expanse to identify medication administrations.

Accessing eMAR

• In the Chart tab, select the Medications folder.

Viewing eMAR

• Selecting Mar will produce a read-only view of the Mar and show which medication administrations are scheduled, completed, or not given with specified reason.

• Selecting a specific medication and pressing Detail in the bottom footer will produce additional information, such as medication detail, order detail, and flowsheet data.
